SEEKING VOLUNTEERS FOR A RESEARCH STUDY

The purpose of this study is to understand how adolescents adopted at an early age are currently socially integrated, and how this may relate to their pre-adoptive experiences.

Research participants must be:

- An adolescent adopted before the age of seven, and is now 12-18 years old
AND
- The parent/guardian of this adolescent
- English speaking (both)

Participating in this study involves:

- One or two meeting(s) for approximately 1.5 hours total time, with another possible follow-up visit.
- An interview and survey
- A gift card for the adolescent for participation
