**January 14th, 2024 from 10am - 2pm**

Experience an interpretive walk through time along our half mile nature trail! Meet past park visitors and discover their contributions to this special place. After your immersive journey, stop by the visitor center and unleash your creativity by decorating mini bundt cakes into your very own sinkhole (while supplies last) as we mark 50 years of extraordinary adventures.

Come together with friends, family, and fellow nature enthusiasts for a day of exploration, celebration, and joyous festivity at Devil's Millhopper Geological State Park. Don't miss this unforgettable event celebrating the past, present, and promising future of our beloved park!
